Great Work! Highly Recommended

Would recommend this company to anyone
We are very pleased with the paint job Painters Flair completed for us. The outside of our house looks great!!! They were VERY informative throughout the entire process. They continually communicated and showed me what the crew completed, and what they would be doing next.
I would highly recommend them!!!

Minimum Requirement

Be careful before you call for a "free" estimate - they do not do any painting services that are under \$1,000.00. They say my business was not "worth it to them"!

Sooo happy!

From start (Bob's estimate) to finish (a beautifully painted exterior), we have been delighted with Painters Flair. Michael, the painter, and his brother are hard working and dedicated to providing a top quality, professional job. They went beyond the call of duty and we are very pleased with their work. We are totally satisfied with the outcome and highly recommend Painters Flair.

Great job, fast, fairly priced

Steve came out and priced the painting job. As he expected they were in the middle of the quotes I received. I had him come back out and include some repairs that had been noticed. I accepted and they went to work. Nicky called to set it all up. In the middle of doing a repair it was obvious that more would have to be done than originally quoted. Nicky explained the entire scenario and quoted a fair price. His carpenter, Russell, did a fine job and took the repair to completion, exceeding my expectations. I have nothing but good things to say about them!

Excellente Service and Quality

We Hired Painters Flair to painting our house before our wedding, and it was a smooth experience. They are obviously a well-managed company. They were honest and created realistic expectations. I really enjoyed working with them.

Excellent Painters, Excellent Value

I had Painters flair paint the main level and upstairs of my house in Roswell before moving in to it. Abileno and Eduardo were courteous, hard working and did an awesome job. We didn't pay until we were happy, but during the final walk I didn't find a single issue in the 3000+ square of living space they painted. They did the ceilings in my 18 foot foyer and great room flawlessly.

My only issue was the amount of time it took to get the job done. It took two days longer than discussed during the estimate - to be fair, one of those days was due to me adding a couple of areas to the estimate. We were moving our stuff in at the same time they were painting and it got kind of chaotic.

No matter what time of the day, Nicky (owner) answers the phone and he came out during the job to inspect the work and make sure his team was getting the job done right.

The cast to paint the house was EXTREMELY reasonable given the amount of work to be done. They were the lowest estimate i received by far. If I ever need painting done, I'll definitely use this company again.

Great Job

Painters Flair did an excellent job. They came when they said they would and were there every day until the job was finished. The job was professionally done. We had gotten three estimates and their price was the best. I would definitely use Painters Flair again. Their attention to detail was excellent. They did an excellent job.

Great work and a wonderful experience

We went Painters Flair after shopping around and I was sold on the fact that we wouldn't pay a dime until we were happy with their service. Nicky, the owner, came over personally for a second assesment of the project before any work began to insure we were going to get what we wanted. We had our entire exterior and trim painted after they replaced some cedar siding boards. He was very flexible with timing the work and I was grateful for that. We did a final walk-through with the painter to address any minor details and the transaction was completed. One month with our completed house and we couldn't be happier.

Would recommend

We had our exterior trim painted as well as some minor deck repairs and staining. For the most part, the crew did a fine job. There were some minor issues, such as obvious streaks on the front door, but they were quickly remedied.

I was somewhat disappointed in the job done on a metal door whose paint was chipping. I was told by the estimator that there would be no problem stripping

Posted on 9/25/2018

the door prior to painting it. However, once the work was started, I was informed that the door was improperly primed to begin with and the best that could be done was to sand around the bad areas and apply bondo to smooth things out. The door still looks bad, but that does not detract from my satisfaction with the overall project.

Pricing was extremely competitive and the job, including cleanup, was completed in a timely manner. I would recommend this company to others.

Great work

We had Painters Flair paint the exterior of our home and the job they did was wonderful.

Price was the best I found out of 4 other companies.

The crew keeps the home owner involved during the process day by day. They are very helpful with suggestions of the colors that would look good together and made the extra effort to please us with the work.

Will be using them for future work on the interior of our home.

Fulfilling the commitment a lost art

My wife and I are nothing but pleased with the job performed by this company. They were thorough with the estimate, taking the time to understand the scope of our needs and made thoughtful recommendations without being pushy. The crew showed up on time as promised and performed a quality painting job on the exterior of our house, stable and outbuilding. As promised, on time and on budget. A great experience.

Great work!

I have dealt with Painters Flair on several projects, and they have exceeded my expectations every time. They answered any questions I had throughout the job, did quality work, were very professional, and were a pleasure to deal with! It was refreshing to work with them after dealing with so many bad contractors. I highly recommend them and I will definitely use them on my next painting project! Thank you to the owner, Nicky, for taking a personl interest in my project from start to finish!

Great Painting Company!

I am completely satisfied with the excellent and professional work done by Painters Flair and its crew. They were professional throughout the entire process. I've never been more pleased with a work crew. They delivered the stunning results as promised. The exterior of my house is beautiful! The company's crew leader was courteous, patient, kept me informed as to the crew schedules and answered all of my questions to my satisfaction. When the job was done, they patiently walked through the project with me to insure that I was happy. I will use them again to paint my interior. Keep up the good work Painters Flair!!

Excellent Personal Service

We were in a rush to get the inside painted before the floor refinishers were due to arrive. Painters Flair was able to put in the extra time after hours to get the job done. The best part is, it did not look like a rushed job. Our compliments to Alfred Caldwell the man who did the work for us and for putting in the extra efforts to make our new home a standout.

Pleasure to work with

All of the staff from the estimator, to the carpenter, to the painters, and the owner were a pleasure to work with. The carpenter and owner spent a great deal of time figuring out how to correct the bowing railing on our deck without perferating the lining. The carpenter was very skilled and hardworking as were the painters. I would definetely use this company again and I wouldn't hesitate recommending it to others.

Fast and competitive estimate

We called Painters Flair and Bob came out to give a painting estimate the next day. He e-mailed me the estimate quickly and was competitively priced. Unfortunately, we were in a time crunch and decided that we needed to choose a contractor who could do some tile work in our kitchen as well as paint the house so that we would have to coordinate the two. I would call Painters Flair again- everyone I talked to was easy to work with and friendly.

Best Painting and Repair Service

I have used Painters Flair 3 times over a period of 15 years to get my home painted. I used another service during the first 5 years. Due to my South Facing location, I have to get the house painted about every 3 years. I am totally satisfied with both the quality of the painting as well as the associated carpentry repairs and will use them again when I am due in 3 years. They are prompt and always fair in price. I also have used them for small repair and painting inside my home.

It's about time! I'm worn out with trying to find a Home painting-repair contractor that does what he says and doesn't change the price on me. I'm hooked. You've got my business from now on!
